Classe II

AN EXCELLENT PARTNER FOR YOUR BACK AND YOUR HEALTH

Discover our range of **R.125** forklifts, suitable for the needs of small and medium-sized businesses, as well as demanding industrial environments. The standard R.125 offers a compact, robust design and exceptional maneuverability with its front swivel wheels. It can safely lift loads of up to 125 kg to a height of 239 cm. Equipped with overload protection, a safety clutch, and soft start, it facilitates safe handling. Our extensive catalog of standard or modifiable tools allows for lifting a variety of loads, from coils to pallets.

As for the R.125 SS in Stainless Steel, it is specially designed for demanding industrial environments such as the food industry and the medical sector. With an IP 65 certification, it withstands thorough cleaning, moisture, and cold areas. It adapts to a wide range of loads and offers automatic positioning for added ergonomics.

The R.125 is delivered with AGM batteries (24 V ; 9 Ah) as standard.
